

Year 5 WWII Take Away Task

What would you like you to find out about WWII?

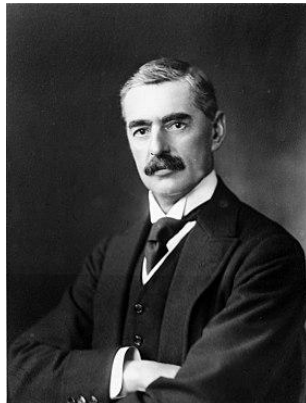

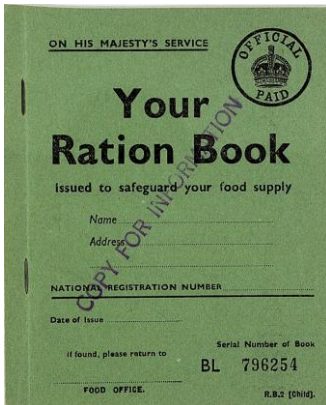

What did evacuees look like?

Who was responsible for which country?

What materials and foods were rationed?

How did everyday people make it through?

Your task is to research and/or create a fact-file or artefact from WWII, in the past we've had: junk-model tanks (made from recycled boxes and painted), ration books, power-points about key events, and timelines!
